Confirmation

We will only consider your application when we also receive all necessary documents from your exchange partner. He or she can use the digital form on www.rochdale.nl/woningruil to provide us the information we need.

The rental company or your exchange partner will check if they can allocate the other dwelling to you. We will only make further appointments with you and your exchange partner if both rental companies approve the exchange of houses.

If the exchange goes through you will have to end your rental contract with Rochdale one day before the date that your exchange partner signs his or her rental contract with Rochdale.

By signing this form we confirm that we want to swap our place of residence and are aware of the consequences:
